ABOUT MYSELF

I'm a motivated and hardworking Artificial Intelligence graduate. With a GPA of 8.9/10, I ranked in the top 5% of my promotion. At 22 years old, I have two years of research experience in AI with publications in leading conferences like ICDAR, where I also presented my work in Wuhan, China. I specialize in Computer Vision and Large Language Models. I'm a self-learner, constantly working on personal projects and always eager to gain hands-on experience and contribute to a team in the field of AI.

WORK EXPERIENCE

5 SEP 2024 - 17 JUL 2026 - BELLATERRA, SPAIN
RESEARCH ENGINEERCOMPUTER VISION CENTER

- Implemented multi-page Retrieval-Augmented Generation (RAG) pipelines for Document Visual Question Answering (DocVQA).
- Investigated Mixture of Experts (MoE) models and alternative retrieval paradigms for multimodal fake news verification.
- Designed and developed agentic AI models for DocVQA and educational technology.

EDUCATION & TRAINING

8 Sep 2022 - 3 Jul 2026 - BELLATERRA, SPAIN
BACHELOR'S DEGREE IN ARTIFICIAL INTELLIGENCE- AUTONOMOUS UNIVERSITY OF BARCELONA
Level in EQF: 6 | Website: <https://www.uab.cat/>

LANGUAGE SKILLS

Mother tongue(s): **CATALAN** | **SPANISH**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1

SKILLS

Programming
Python (computer programming) | C++ | Software Development and Software Engineering | SQL | Linux & Linux Servers | Python, R, Julia, Matlab | Git

Artificial Intelligence
Computer Vision | deep learning | Large Language Models | Natural Language Processing | artificial neural

networks | machine learning | Pytorch | data science | Document Understanding | Retrieval Augmented Generation

Others

Teamwork | Leadership | Organization | Presentations | Communication

- **DRIVING LICENCE**

Driving licence: B

- **HONOURS AND AWARDS**

30 MAR 2026 European Comission

Erasmus Mundus Scholarship Fully-funded scholarship for the two-year full-time Erasmus Mundus Joint Master's Degree Program in Artificial Intelligence for Image Processing and Computer Vision (IPCVAI).

30 JUN 2026 Autonomous University of Barcelona

5% of my promotion With a GPA of 8.9/10, I rank as one of the top students with multiple honors in core subjects, such as Deep Learning, Fundamentals of Machine Learning or Fundamentals of Natural Language Processing.

1 JUL 2025 Computer Vision Center

Elena Maseras Scholarship A scholarship that allows students to do advanced research at Computer Vision Center next to the most talented researchers in the field.

1 JUL 2024 Computer Vision Center

Rosa Sensat Scholarship A scholarship to introduce students to do research in AI at Computer Vision Center.

1 APR 2022 IES Matadepera

First prize - Joana Biarnés Awards Awards for the best research work (TDR) in high school in Terrassa, Matadepera and Viladecavalls. First prize in Technological category with the work: Machine Learning and Artificial Neural Network programming.
